

Words to Learn

Phonics 1

List 2 + 3 - cvc words (a, e, i, o)

In this pack we have included the following activities to practise reading/ spelling the phonics word lists:

- a reading / spelling checklist for each word
- flashcards - they can be used to read individual words, or can be used as a 'matching pairs' game/ 'snap' if two sets of the words are printed
- wordsearch
- precision teaching - the child reads the words on the grid, to see how many words they can read correctly in 30 seconds. They can then colour the block graph to show the number of words read correctly each day.
