- ◇ Rhowch "drysor" ar y gist (ceiniogau, botymau, lego etc)
- ◇ Mae hi'n bosib prynu dis efo mwy na 6 wyneb.
- ◇ Os nad oes gennych dîs, gwnewch bentwr o gardiau bach gyda rhifau arnynt. (Mae'r cardiau yn syniad da os ydych eisiau cynnwys rhifau uwch na 6)
- ◇ Taflwch y dis / pigwch cerdyn o'r pentwr yn eich tro.
- ◇ Os ydych yn taflu/ pigo odrif cymerwch 2 ddarn o drysor;
- ◇ Os rydych yn taflu eilrif rydych yn cael 1 darn o drysor.
  
- ◇ Mae pawb yn cael taflu dîs 6 gwaith cyn cyfri i weld pwy sydd efo mwya' o drysor

### **A game to learn odd and even numbers**

- ◇ a game for 2 players / teams
- ◇ You will need a dice and a copy of the gameboard
- ◇ Put "treasure" in the chest (buttons, pennies, lego etc)
- ◇ It is possible to buy dice with more than 6 faces
- ◇ If you don't have a dice, make a pile of small numbered cards—this is a good idea if you want to include larger numbers)
- ◇ Take turns to throw dice / pick up card from pile.
- ◇ If you throw/pick and odd number, take 2 pieces of treasure
- ◇ If you throw / pick and even number, take 1 piece
  
- ◇ Everyone has 6 turns before adding the treasure to see who has the most
