

Can you match the terms to descriptions from the book?

		Can you find other examples?
precipitation	It falls on the cape of a Matador who fights a charging bull once more	
condensation	Puddle drop is warmed away like a helium balloon at play	
evaporation	Flooding Drops flow back to sea, but in its wake leaves tragedy	
surface run off	Its “milkiness” is left behind vapour pure, it’s been refined	
transpiration	The vapour freezes in mid-air and magically a snowflake’s there	
rainbow effect	Melting snow and sunny days dress tundra in a brilliant blaze	
accumulation	It saves a life and brings relief then escapes through a hole beneath the leaf	
purification	Raindrop bends each ray of sun like little prisms having fun
